

# Washington Lane Neighborhood Phases I-VI

## Edge to Edge Newsletter

### June 2024

**Hello Neighbors!**  
**Can you believe it's already June?!?!?**

**The Neighborhood Garage Sale was a great success!! On Saturday, there were so many people driving through the neighborhood and tons of residents participating!!**

**For your safety...please remember to lock your car doors and remove any valuables if you don't park in the garage! There have been way to many instances reported of people checking car doors in the middle of the night.**

**We know there are some residents that do not use computers, so for those residents, this newsletter will be delivered to their home. If one of your neighbors falls in this category, please let us know so they do not miss out!**

**We will be posting important/fun events and announcements on our Community Facebook page, so please join us at:**

**Washington Lane HOA Phases I-VI Community**

**If you have any questions or concerns, please email them to the HOA Board @ [wlhoaboardph1to6@gmail.com](mailto:wlhoaboardph1to6@gmail.com).**

**Something to make you giggle!**

If you noticed in the May Newsletter that the "Slash Pad" would be opened, the "p" was left out and we would like for it to remain that way!

---

--- **Recipe of the Month** ---

---

### **Super Simple Sausage & Vegetable Grill**

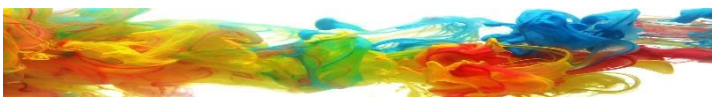

1 - small bag of the yellow golden potatoes  
1 - 3lb bag of Normandy Vegetables  
3 - packages of Eckrich sausage. I use one package of regular, one package of jalapeno & cheddar and one package of 4 pepper.

Cube the potatoes (do not peel) and make a layer in the bottom of a large aluminum pan with a small amount of extra virgin olive oil, next add the vegetables, sprinkle with season salt (or if you want a little bit of spice, use Slap Ya Mama!), cut the sausage lengthwise and slice. Add to the top (this helps the juices from the sausage drip throughout the veggies and potatoes!) Cover with aluminum foil.

Cook on the grill on medium for 45 minutes to an hour. It can also be cooked in the oven but will take about two hours at 425 degrees. This makes a very large amount and can be scaled back to what you want!

Absolutely delicious!!

If you have a recipe that you would like posted, please email it to us!

We are still looking for someone that can connect us with a person/company to get a deal on playground equipment for our younger children. If you know of anyone, please email us their information!

---

--- **May Accomplishments** ---

---

- 1) Flowers have been planted and mulch replaced at both entrances! \$780 was spent on materials and labor.
- 2) The splash pad was turned on by the Landscape Committee ahead of schedule. Everything was operational and no money needed to be spent!
- 3) The sprinkler system was turned on by the Landscape Contractor and a Landscape Committee member. Two broken heads were replaced by a Landscape Committee member at no cost!

### **Please Remember:**

Per covenant 13.6 Signs. Declarant may erect such signs as it deems appropriate without any approval, but otherwise, no sign or other advertising device of any nature shall be placed upon any lot or common area, except real estate "for sale" signs approved by the Architectural Control Committee as to aesthetics. The association may remove nonconforming signs upon three (3) days notice to the owner, such removal to be at the cost of said owner.
